Summer School for Mathematics

Summer school for Mathematics will run from 8am to 11am the week of June 14. Students must complete their work, attend all five days, and be on time every day to receive credit. This recovery course will be taught in person at the High School and will be at no cost to you. If your child plans to attend and they have not yet returned the registration form please call the office to register.

Should your child not be available during that week due to an irreconcilable conflict, parents have the option to register their child for a nine week online credit recovery course at a cost of \$150 per course. Please call the High School should you wish to register for an online course.

Any student who failed a core course and does not attend summer school or complete an online credit recovery course will be required to make up the credit in the 2021-2022 school year.

If you have any questions please contact the high school office at 814 674 3601.

June 14 - 18:	MATH
June 21 - 25: concurrently)	ENGLISH & SOCIAL STUDIES (Students may take
June 28 - July 2:	SCIENCE

Additional Information:

- Students must arrive at the High School by 8:00 AM daily. Because the curriculum is compressed into five days, *students may miss no more than two hours of a particular subject, and all absences must be excused with a doctor's note.*
- Students will have a 15 minute snack break each day. Snacks will be provided by the school cafeteria.
- The academic year grading scale will be followed. Students' final grades for summer school courses will be listed on their high school transcripts.
- If any student needs transportation to or from summer school, a parent or guardian may call Mr. Kerchenske at (814)674-3601 to make arrangements.
